GENERAL INFORMATION

* indicates a required field

ABOUT THE PROGRAM

IMPORTANT - PLEASE READ THE FOLLOWING INFORMATION BEFORE COMMENCING YOUR APPLICATION ONLINE

Thank you for your interest in the Department of Environment, Science and Innovation (DESI or the department) Let's Get it Sorted (LGIS) Partnership Program (Behaviour Change Coordinator). This is the application portal to submit a funding proposal.

Please read the [program guidelines](#) before continuing this application.

The objectives of the program are to:

- Support groups of geographically aligned councils to engage a coordinator (a resource) to develop and coordinate Education and Behaviour Change (EBC) activities aligned with councils' priorities, regional waste management plans, and that are complementary to activities funded through other department programs
- Facilitate enhanced engagement and efficiencies across councils within a region in relation to EBC activities
- Facilitate delivery of EBC activities.

Key considerations

Successful applicants must be able to enter into an agreement with the department.

Projects must be completed by 30 June 2028.

The department has acknowledgement of funding requirements for all activities and items funded by the Queensland Government. Specific details of funding acknowledgement will be addressed in any agreement between the department and successful applicants. General information on funding acknowledgement can be found here:

<https://www.qld.gov.au/environment/management/funding/funding-acknowledgment-requirements>

Further information

The Grants Administration Unit, DESI, is managing the application process. If you wish to discuss any details of your application, please contact the Grants Administration team on (07) 3330 6360 or by emailing grantsadministration@des.qld.gov.au.

BEFORE YOU BEGIN

NAVIGATING (FILLING OUT) THE APPLICATION FORM

On the left hand side of every screen, there is a box which links directly to every page of the application form. Click the link to move directly to the page you want. You can also click 'next page' or 'previous page' on the top or bottom of each page to move forward or backward through the application form.

You are strongly encouraged to save your application form every 5 to 10 minutes to reduce the risk of loss of information.

SAVING YOUR DRAFT APPLICATION FORM

If you want to leave a partially completed application, press 'save' and log out. When you log back in and click the 'My Applications' link at the top of the screen, you will find a list of applications you have started or submitted.

You can re-open your draft application and continue where you left off.

DOWNLOAD DRAFT APPLICATION

You can also download any application, whether in draft form or submitted, as a PDF file. Click on the 'Download' button at the bottom of the application navigation panel.

SUBMITTING YOUR APPLICATION

You will find a 'Review' button at the bottom of the navigation panel. You need to review your application before you submit it. Ensure that all fields and mandatory questions marked with an asterisk '*' are completed.

Once you have reviewed your application, you can submit it by clicking on 'Submit' at the top of the screen or on the navigation panel.

IMPORTANT: Any question marked with an asterisk (*) is mandatory. Failure to answer any of these questions will stop you from being able to complete and submit your application form.

Once you have submitted your application, no further editing or uploading of supporting documents is possible.

When you submit your application form, you will receive an automated confirmation email with a copy of your submitted application attached. This will be sent to the email address that you used to register with SmartyGrants.

If you do not receive a 'confirmation of submission' email, then your application has not been received. Review the error message highlighted in red and ensure that all mandatory fields have been completed. You should then be able to successfully submit your application.

ATTACHMENTS AND SUPPORTING DOCUMENTS

You will need to upload attachments to support your application. This is simple but will require you to have the documents saved on your computer, or on a USB stick, or similar.

You will need to allow enough time for each file to upload before trying to attach another file. Files can be up to 25MB each; however files up to a maximum of 5MB are recommended - the larger the file, the longer it takes to attach.

Remember - some requested document fields are mandatory. Failure to attach them will stop you from being able to successfully submit your application form.

If you are not able to attach a document, please contact SmartyGrants on phone (03) 9320 6888 for technical support.

COMPLETING AN APPLICATION IN A GROUP OR TEAM

A number of people can work on an application form using the same login details, as long as only one person is working on the application form at a time. Ensure that you save as you go. It is recommended that the email address provided be accessible by multiple people within the organisation, such as *admin@project.com.au*. This ensures that correspondence is readily seen and allows for any changes in staff throughout the duration of the project.

OUTCOMES MONITORING AND EVALUATION

Outcomes

Please tell us about the outcomes you expect to result from your project. Outcomes are the changes you expect to occur for the beneficiaries (direct, indirect and/or intermediaries) of your project. Generally, outcomes can be framed as an increase or decrease in one or more of the following:

- Skills, knowledge, confidence, aspiration, motivation (these are generally immediate or short-term outcomes)
- Actions, behaviour, change in policy (these are generally intermediate or medium-term outcomes)

LGIS Behaviour Change Coordinator Application

Form Preview

- Social, financial, environmental, physical conditions (these are generally long-term outcomes)

Immediate outcomes occur directly following an activity (e.g. within 1 month); medium-term outcomes are those that fall between the short and long-term outcomes (e.g. between 1 month and 2 years); and long-term outcomes are those we expect to see years later (e.g. 2, 5, 10 or 50 years after the activity).

Your outcomes	Alignment with our outcomes	How does your intended outcome link to our outcomes?
What changes do you expect will occur as a result of your project (e.g. reduced contamination in yellow bin)? Please be brief. One per row.	Which of our outcomes will your project contribute to? If multiple apply pick the most relevant. No more than 1 choice may be selected.	Please explain how your intended outcome helps contribute to ours.

Your metrics

A metric is a measurement designed to indicate whether or not progress towards an outcome is occurring, and quantify the extent to which it is occurring.

You may add your own metrics here.

There are two types of metrics. An 'Outcome Metric' is a measurement designed to help you determine whether progress towards an outcome is occurring or not, and quantify the extent to which it is occurring. An 'Activity Metric' tells you how much of something you're doing or producing ('outputs' are often Activity Metrics, for example).

Metrics work best when they:

- Are quantifiable/numeric
- Are clearly defined and succinct
- Contain all the context needed to gauge and compare the result (e.g. unit [e.g. cm, metres, people, people-days, %, etc]; direction of change [increase; decrease; etc.]; timeframe [e.g. per month; per year; etc])
- Have been tested, and/or are in common use, and/or are commonly understood as a relevant and useful indicator of performance in a particular arena
- Are used sparingly - you are much better off to "ask one good question and answer it reliably" than try to track many things at once
- Relate to a clearly articulated outcome or activity.

Metric	Target	Collection method	Explanatory notes	Type of metric
One per row. Add more rows if you want to list additional metrics (e.g. reduction in litter and illegal dumping incidents.).	Identify a target for the metric you have chosen - an estimated total for your project. Must be a number.	How will you collect and verify the data? E.g. reports, case studies, administrative data, observation/ investigation.	Add notes if you need to provide more context.	'Activity metrics' measure an activity (e.g. 'Number of households reached through Love Queensland Let's Keep it Clean' tools. 'Outcome metrics' measure the change experienced

LGIS Behaviour Change Coordinator Application

Form Preview

				by a population group (e.g. 'Number of tonnes recyclable material recovered)').

Our metrics

A metric is a measurement designed to indicate whether or not progress towards an outcome is occurring, and quantify the extent to which it is occurring. Here we would like you tell us which of our quantitative metrics you may be able to report on.

Metric	Target	Collection method	Explanatory notes
Which of our metrics (if any) will you track? You may be required to report on your progress. Add more rows if you want to list additional metrics. No more than 1 choice may be selected.	Identify a target for the metric you have chosen - an estimated total for your project. Must be a number.	How will you collect and verify the data? E.g. reports, case studies, administrative data, observation/ investigation.	Add notes if you need to provide more context.
